

SHADOW WEEKEND

Discovery, Acceptance, and Empowerment

During this powerful advanced retreat, weekend participants continue their personal journey. Supported by weekend leaders and each other, participants engage in the challenging work of uncovering and embracing their “shadows,” the parts of their inner being that they have worked to conceal from themselves and the world.

By looking deep within and bringing the “shadow” into the light, men rediscover the potentials buried within: the strengths of character and individual talents that affirm their warmth and their worth.

Come with your group!
We encourage men to have a transformative weekend with fellow members of their group. Attending a weekend program like this together is a great way to re-invigorate your group!
