

SHADOW WEEKEND

Discovery, Acceptance, and Empowerment

During this powerful advanced retreat, graduates of the BreakThrough and Wisdom Years weekends continue their personal journey towards wholeness by taking this “next step.”

Supported by weekend leaders and each other, they engage in the challenging work of uncovering and embracing their “shadows,” the parts of their inner being that they have worked to conceal from themselves and the world - those that cause them shame and erode their sense of self-worth. By looking deep within and bringing the “shadow” into the light of day, they begin to recognize its silent influence on their thoughts, feelings, and actions.

As a result, men reveal and rediscover the potentials buried within... the golden qualities that have been held in check by the “shadow”... the strengths of character and individual talents that affirm their warmth and their worth.

When the Shadow Weekend concludes, each man leaves with a deeper understanding and greater ownership of his total self.

Open for all Victories Alumni who have attended BreakThrough, Wisdom Years Weekends or a comparable program.
